Important Notice Regarding COVID-19 and Travel Insurance Purchased from BMO

Travel insurance is intended to cover losses arising from sudden, unforeseeable and unexpected circumstances. Any claims resulting from events known to you when purchasing your insurance or departing on your trip are not covered.

Important Notice: Due to the ongoing COVID-19 pandemic, the Government of Canada may issue travel advisories to avoid non-essential travel or all travel outside of Canada due to COVID-19. These advisories may be issued for all international travel, for specific destinations or for certain types of travel (i.e. cruises). Travel advisories are subject to change and may be issued, lifted, and then reinstated depending on the status of COVID-19 infection rates in Canada and abroad. To keep up to date on travel advisories specific to your destination, please visit the Government of Canada website.

What does this mean for your BMO Certificate of Insurance?

Out-Of-Provincial/Country Emergency Medical Insurance Benefits (if purchased)

What is covered
Your medical expenses related to COVID-19 are eligible if you get sick with COVID-19 while on your trip, as long as there is no COVID-19 related travel advisory to avoid non-essential or all travel in effect for your destination or type of travel (i.e. cruises) on the effective date of your coverage.

What is not covered
Your medical expenses related to COVID-19 are not eligible if you get sick with COVID-19 while on your trip, if a COVID-19 related travel advisory to avoid non-essential or all travel is in effect for your destination or type of travel (i.e. cruises) on the effective date of your coverage.

Trip Cancellation Insurance Benefits (if purchased)

What is covered
You are eligible for Trip Cancellation benefits if you contract COVID-19 in Canada after you purchase your Certificate of Insurance and need to cancel your trip as a result.

What is not covered
COVID-19 (and any related travel advisories) is now considered a known event. Therefore, Trip Cancellation benefits are not payable if the Government of Canada reinstates a travel advisory related to COVID-19 for your destination, or type of travel (i.e. cruises), advising against non-essential or all travel and you wish to cancel your trip as a result. This applies even if you are travelling for essential reasons and even if your Certificate of Insurance was purchased prior to the reinstatement of a COVID-19 travel advisory.
Trip Interruption Insurance Benefits (if purchased)

What is covered
If you contract COVID-19 while travelling to a destination that has no COVID-19 related travel advisory to avoid non-essential or avoid all travel in place on the effective date of your coverage, you are eligible for Trip Interruption benefits.

What is not covered
COVID-19 (and the related travel advisories) is now considered a known event. Therefore, Trip Interruption benefits are not payable if the Government of Canada reinstates a travel advisory related to COVID-19 for your destination, or type of travel (i.e. cruises), advising against non-essential or all travel and you wish to interrupt your trip as a result. This applies even if you are travelling for essential reasons and even if a COVID-19 travel advisory was reinstated after the effective date of your coverage.
